BACKGROUND INFORMATION

- Dr. Blaylock has a busy clinical practice restricted to Refractive Surgery (Lasik, PRK, astigmatic keratectomy, clear lens extraction and phakic IOLs) and cataract surgery (Monovision and Bifocal implants).
- He has been in practice since 1988. He was one of the first surgeons to introduce phacoemulsification, topical anesthesia, sutureless surgery, foldable implants and bifocal implants into British Columbia.
- He is the sole owner and operator of Valley Laser Eye Centre Inc., which has been providing refractive surgery for 8 years.
- Dr. Blaylock became interested in L.A.P.R. in September 2001, and escorted the first Canadian patient to undergo L.A.P.R. to the Bahamas for surgery. Dr. Blaylock has monitored this patient since that time. He has the longest experience with any Canadian patient to have L.A.P.R. Dr. Blaylock has visited four other sites performing L.A.P.R. and has twice taken the sponsor training program.
- Dr. Blaylock is currently involved with the Laser ACE clinical trials sponsored by Global Vision Research Group, and is a leading Laser ACE surgeon in North America.
- Dr. Blaylock is the owner of Blaylock Surgical Centre, a multidisciplinary Surgical Centre.
